KEVIN LA

Location: London, UK **M:** +44 7748579247 **E:** Lakev1999@gmail.com

Recently graduated from City University of London studying BSc (Hons) Computer Science degree and have developed skills in a plethora of sectors from game development using C++ to managing databases using SQL. I am presently self-studying various programming languages such as C# Unity 3D, HTML, CSS, and JavaScript to better improve myself. Currently seeking the right opportunity to offer my strong skill set and gain real world experience.

EMPLOYMENT

Gregory Micallef Associates *Helpdesk Technical Support* **2019-2020**

Working in a small team at GMA to further improve and learn more about technology while getting hands-on experience with implementing infrastructure and gaining experience in the customer service department.

- Great communication
- Determined and willing to learn
- Proficient with majority of technology and software
- Great ability to adapt.

- A fast learner
- Punctual and Organized
- Great problem-solving skills
- Good Customer Service Skills

INTERESTS

Tinkering with computer hardware: I am very much interested in computer hardware as it is fascinating to see how much they have improved over the years. It is always enjoyable to upgrade my own PC and other devices to improve their performances.

Participating in Racquet Sports: Outside of studying and work I tend to meet up with friends to play Badminton. I find it fun and a great way to take a break from work and studying while also keeping healthy.
